

## CH MOISTURE SCAVENGER

Product Information

Version: 1 PI-EU-EN 21-11-2007

<b>Description</b>	CH MOISTURE SCAVENGER is a micronized, highly porous, crystalline aluminosilicate with pore opening of approximately 4Å						
<b>Taxonomy</b>	The product contains Sodium Aluminosilicate						
<b>Packaging</b>	<table border="0"> <tr> <td><b>Material no:</b></td> <td><b>Size</b></td> <td><b>Type</b></td> </tr> <tr> <td>14610</td> <td>15 KG</td> <td>Bag</td> </tr> </table>	<b>Material no:</b>	<b>Size</b>	<b>Type</b>	14610	15 KG	Bag
<b>Material no:</b>	<b>Size</b>	<b>Type</b>					
14610	15 KG	Bag					
<b>Physical Properties</b>	<table border="0"> <tr> <td><b>pH:</b></td> <td>10.5 max</td> </tr> <tr> <td><b>Pore Size Opening:</b></td> <td>4 Angstrom</td> </tr> <tr> <td><b>Moisture Content @ 575°C, 3 Hrs:</b></td> <td>1.5% max</td> </tr> </table>	<b>pH:</b>	10.5 max	<b>Pore Size Opening:</b>	4 Angstrom	<b>Moisture Content @ 575°C, 3 Hrs:</b>	1.5% max
<b>pH:</b>	10.5 max						
<b>Pore Size Opening:</b>	4 Angstrom						
<b>Moisture Content @ 575°C, 3 Hrs:</b>	1.5% max						
<b>Application</b>	CH MOISTURE SCAVENGER is a highly effective moisture scavenger. Chr. Hansen Patent 4,927,763 covers the use of CH Moisture Scavenger to stabilize bacteria.						
<b>Ingredients</b>	<p>Na<sub>2</sub>O - Sodium Oxide  SiO<sub>2</sub> - Silica (synthetic)  Al<sub>2</sub>O<sub>3</sub> - Alumina</p>						
<b>Additional Information</b>	<p><b>Nutritional Information</b>  This product has no nutritional value or content</p> <p><b>Allergen Statement</b>  This product contains no known allergens and does not contain products of following materials: soy, milk, what, corn, fish, shellfish, eggs, peanuts, tree nuts, grains, seed, celery, MSG, FD&amp;C Yellow 5, or sulfating agents.</p> <p><b>GMO Statement</b>  This product contains no material nor is it made from raw materials that are derived from commonly available genetically modified plants. The product has no protein or DNA content. The product is manufactured by the crystallization of sodium silicate with sodium aluminates.</p>
