Product Description

ZORIEN® SeY yeast feed additive is a special strain of *Saccharomyces cerevisiae* enriched with selenium in an organic form, selected and propagated for use in complete feeds for dairy cattle.

Feeding Instructions

Dilute this product into a premix that contains no more than 600 ppm selenium.

- The resulting premix can be added to the complete feed of dairy cattle at 1 lb/ton (500 g/metric ton) or more if the premix contains less than 600 ppm selenium, to achieve 0.3 ppm organic selenium in the complete feed.¹

Nutrient Values

- | | |
|-----------------------|-------------------|
| • Selenium (organic): | Minimum 2,000 ppm |
| • Protein: | Minimum 40.0% |
| • Moisture: | Maximum 7.0% |

Product Characteristics

Appearance:	Light-brown prilled granule
Packaging:	25 kg bag
Shelf life:	24 months from production date when stored in its original package as directed

Storage Instructions

Store in a cool, dry place. Opened packages should be rolled down tightly to maintain freshness, especially in humid weather.

¹ Or per the recommendation of a qualified nutritionist.
